

WHAT: Upgrading the RAVE Industrial Park. It is anticipated that this project will include the extension of the water main line, sanitary sewer, storm sewer, and asphalt roadway similar to what was completed in Phase 1. The infrastructure will be constructed to be comparable with the City of Lethbridge Industrial Park standard.

WHERE: RAVE Industrial Park (adjacent to 43rd Street North, Lethbridge)

WHY: Providing this infrastructure will benefit the industrial growth of the area.

WORK COMPLETED TO DATE

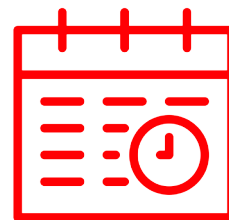

Engineering is on hold until it is known if the HWY 3 Wastewater Corridor Master Plan is moving forward.

BENEFIT TO RESIDENTS

Providing infrastructure that can support business growth is an important factor in economic growth.

Total project costs: \$1 million
Funded through a provincial grant (Municipal Sustainability Initiative)

Scheduled completion date:
ON HOLD
