

WHAT: Preliminary engineering to help determine the required upgrades and associated costs.

WHERE: Township Road 9-4 (Kipp Road) from Highway 25 to Highway 3 (5km)

WHY: This roadway is showing signs of deterioration. With the increase in heavy truck traffic this roadway will require an upgrade in the near future.

WORK COMPLETED TO DATE

The final report has been completed.

BENEFIT TO RESIDENTS

Upgrading this road will ensure it is durable and safe for all users.

Total project costs: \$60,000
Funded through a federal grant
(Federal Gas Tax Fund).

**Scheduled
completion date:
August 2018**
