

Lethbridge County Policy Handbook

EFFECTIVE: December 3, 1993

SECTION: 600 NO. 607

APPROVED BY: A.S.B.

SUBJECT: Seed Cleaning Plants
Licensing and
Inspection Process

REVISED DATE: April 13, 2017

The purpose of this policy is to define how inspections of permanent and mobile seed cleaning plants located within County boundaries will be conducted.

1. Seed cleaning plants in the County and City of Lethbridge, or Village or Town whose borders are surrounded by the County will be inspected as outlined in the Weed Control Act, Seed Cleaning Plant Regulations.
2. Seed plants will be inspected once a year by the Supervisor of Agriculture Services or his designate.
3. A minimum of 20 samples per plant will be collected randomly through the year and licenses will be based on this criteria in conjunction with the licensing form as provided under the Seed Cleaning Regulations of the Weed Control Act.
